OBJECTIVE

Enthusiastic Computer Engineering student with a strong foundation in Java and SQL, and hands-on experience in web and backend development. Passionate about building efficient and scalable software solutions, seeking opportunities in Java-based development and software engineering roles.

SKILLS

- Programming Languages: Java, SQL
- Frameworks Tools: JDBC, Spring, Eclipse, VS Code
- Web Technologies: HTML5, CSS
- Database: MySQL, pgAdmin
- Core Concepts: OOPs, Collections, Exception Handling, Multithreading
- Soft Skills: Problem Solving, Team Collaboration, Communication

EDUCATION

Bachelor of Engineering (Computer Engineering) - Nov 2022 - June 2025

SSPMS, Someshwarnagar CGPA: 8.51

Diploma in Computer Engineering - Aug 2019 - June 2022

Government Polytechnic, Osmanabad Percentage: 81.60 %

SSC - June 2018 - June 2019

SSC Jay Bharat Vidyalaya, Nilanga Percentage: 77.60%

INTERNSHIP EXPERIENCE

Web Development Intern: ProAzure Software Pvt. Ltd.Pune

Jan 2024 – Feb 2024

- Designed and developed 5+ responsive web pages using HTML, CSS, and JavaScript adhering to UI/UX principles.
- Improved user experience by optimizing layout and styling.
- Actively participated in team discussions to analyze requirements and support timely project delivery.
- Worked on frontend components as part of the web development team.

PROJECTS

DeepFake Detection System (Python, Machine Learning)

Oct 2024-june 2025

- Built a machine learning model for detecting AI-manipulated images and videos.
- Implemented face recognition and validation algorithms achieving 92 accuracy.

Student Management System (HTML, CSS, MySQL)

jun 2021 -Jun 2022

- Designed a web-based system to manage student, staff, attendance, and exam data.
- Modules include student management, staff management, attendance tracking, and examination records

Art Gallery-Website (HTML, CSS, MySQL)

Nov 2022 - jun 2023

- Developed a database-driven web app to manage artworks, artists, and exhibitions.
- Enabled sales tracking and exhibition scheduling for gallery administrators.

CERTIFICATIONS

- SQL (Basic) - HackerRank
- SQL (intermediate) - HackerRank
- JavaScript (Basic) - HackerRank
- Java Full Stack Development Training — VibrantMind Technologies Pvt Ltd, Pune.

ACHIEVEMENTS

- Ranked 2nd in TE with SGPA 9.21
- Developed 3+ web applications, increasing user engagement by 40%

LANGUAGES

Languages Known: English, Hindi, Marathi
